General Zod and his evil friends are enemies from Superman's planet.

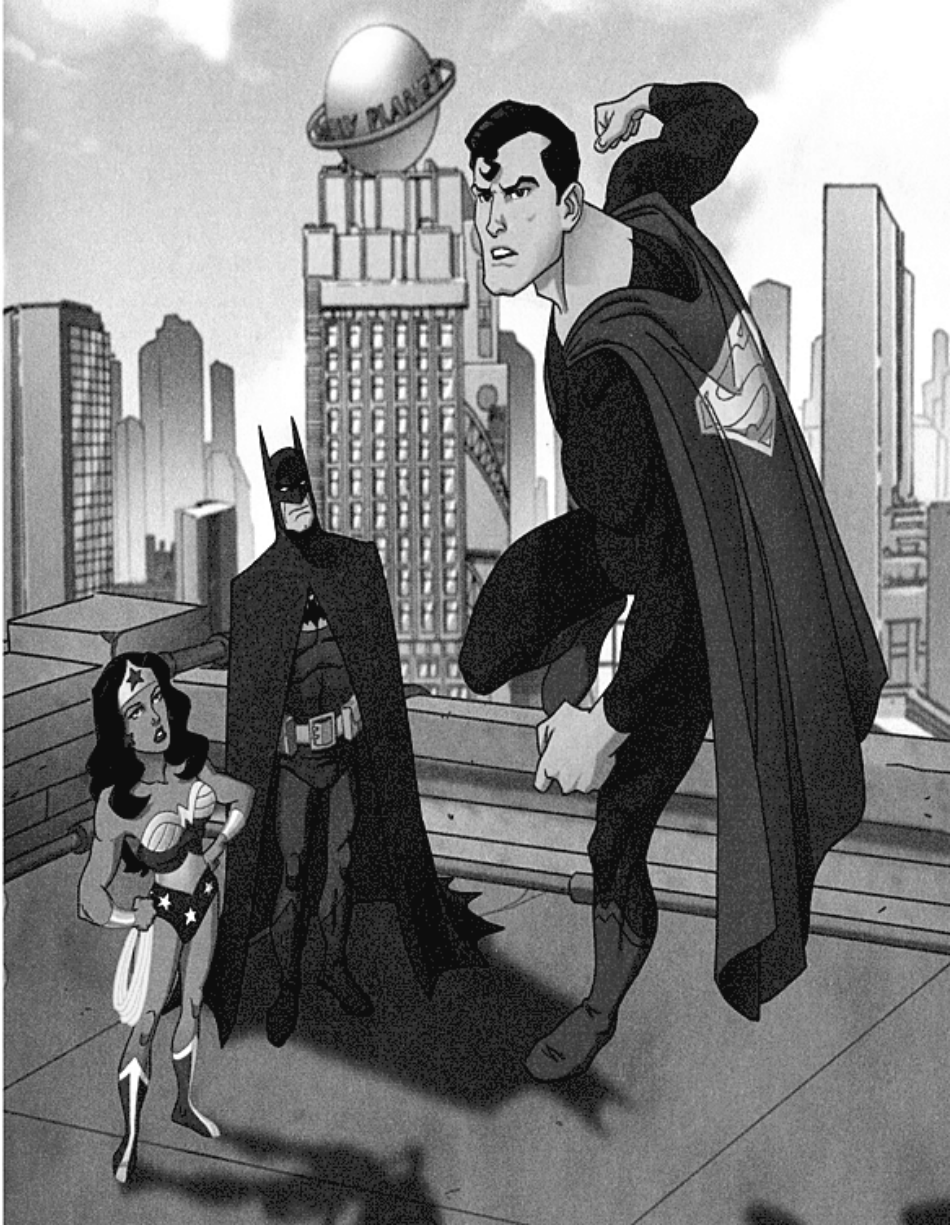
“We will rule Earth and make

humans our pets,”

they threaten.

Superman cannot let that happen!

"We must send them back to space,"
Superman tells his friends.
"I know how. But I need your help!"



DAILY PLANET

Superman jets to his fortress.

He has a machine there that

can end this battle.

The others are close behind.

“Get them!” yells Superman.

Wonder Woman stretches her lasso.

Batman gets the machine.

The enemies are trapped!

"That's the end of this mess,"

Superman says.
